TCI Precision Metals' Machine-Ready Blanks end prep time and reduce setup time. Because TCI Machine-Ready Blanks arrive with  $\pm .002$ " tolerances for all dimensions, they load directly into your machines. TCI Machine-Ready Blanks end second fixture truing/squaring operations, simplify clamping operations,

and do away with second P.O.'s on outside grinding, flattening, and squaring operations. TCI Machine-Ready Blanks are available in a wide range of materials and sizes with same day shipment for short and long runs.

Warehouse Distributor • Precision Sawing • Double-Disc Grinding • Blanchard Grinding • Duplex Milling
